Report of G. T. Purdy.

Re: E. K. Soper,

Person interviewed Mr. Henry Langbein, Franklin Park, near Franklin Park Hotel.

Mr. Langbein states that he had been served with a subpoena to be in court today, but he could not make it as he had to go out of town, but he will go to Somerville tomorrow. He states that on the night of Sept. 14, 1922 he was driving his Ford sedan back from Somerville with his wife and E. K. Soper and his wife. Soper was sitting on the front seat with him and the two women were in the rear seat talking. He states that he saw no car or cars parked along the road and to this day he does not know the location of De Russey's lane, and he would not know where it comes out to Easton Avenue. He was greatly surprised to have been subpoenaed as he saw no car parked along the road near New Brunswick. The first that Soper mentioned anything to him about a car along the road was after the bodies were found and the stories published in the papers, and then he mentioned something about seeing a car going towards Bound Brook, but he did not say anything about seeing any faces
